

welcome to diving and safaris

marjolein & bobby

Bobby was born in Coventry, England and Marjolein in Rotterdam, Holland. Between us we have been working as professionals within the diving industry for over sixteen years and as such we have amassed a wealth of knowledge with regards the training and safety of our students and divers.

But is that all that diving is about?  
We'd like to think not!

In our time we've specialised in everything from freelance instruction to professional videography and photography, from teaching novice divers in small schools to managing and helping transform schools into the biggest and most professional and profitable PADI Centres in Europe, from taking young children for a snorkelling trip to assisting in the training of PADI Instructors. This we've done in places as far a field as the **Red Sea**, the **Indian Ocean**, the **Caribbean**, **South Africa**, **Mozambique**, **Malta**, **Asia**, the **Mediterranean**, from Greek islands to sun swept isles of tropical paradise

*To us, diving is not just a living, but  
it's also our favorite hobby!*

Diving should be adventurous and fun and as our students and divers you expect a high level of service, satisfaction and enjoyment. Throughout our years in the industry I don't think anyone that has dived with us would disagree with the simple fact that this is exactly what we've always given.

We did it in Greece, Sri Lanka, in the Red Sea and in many other destinations, now come and see us for our winter programme from November 2003 to March 2004 in Sharm El - Sheikh, one of the best dive destinations in the world!

Our programme caters for children and adults, every level of experience, interests ranging from snorkelling and diving to ancient ruins and adventurous trips, from beach barbecues to evenings out to the restaurants and the sparkling nightlife of Sharm El - Sheikh

All this information and much more can be found on our web-site.

We hope you join us on our adventures.

*Bobby  
and*

*Marjolein*
